

Dear Parents,
Dear Pupils,
Dear Teachers,

apetito catering is responsible for running the cafeteria in your institution.

It's a great job and one which we are passionate about!

We'd like to tell you how to order and pay for our meals. From the comfort of your home, you can register and then easily and flexibly order your meal, review your invoices or check your account. You can quickly access lots of up-to-date information about the meals you have ordered.

The chip card is used to identify pupils when they collect their meal. It speeds up the process of collecting the meals and gives them more break time.
