SVAE THE DATE!

Dear students, dear community! We would like to inform you about our supplier days, which will take place from **Monday, 11.10.21 until Friday, 15.10.21** at our **campus in the College Nordmetall**. The supplier days are intended to give you the opportunity to get a "face" to our products, which we purchase from the respective supplier partner.

At College Nordmetall, we will have a variety of snacking portions available for lunch and dinner with the supplier together so that you can sample through a variety of culinary highlights.

An exception is made for our bakery supplier "Aryzta", which will of course present itself appropriately at the Coffee Bar on the usual opening hours. Feel free to contact our partners directly and confidently ask any questions you would like get answered! The following suppliers present themselves in the following:

Monday: Fresh Food Service - our meat supplier

Tuesday: A&S - our vegetable supplier, artefakt- our artisan olive oil supplier, hilcona – our pasta supplier and our supplier for plant based food and pacovis – our sustainable packaging supplier.

A small food court is also set up outside the college (including a food truck). Here you pay exclusively with vouchers, which you can buy in advance at the cash.

Wednesday: Langenbach AG – our fingerfood and halal chicken supplier

Thursday: aryzta – our bakery supplier and First Orient Food – our halal food supplier

Friday: Deutsche See - our fish supplier

We always inform the day before via app, which different snack portions are exclusively held in the College Nordmetall. In all other colleges (serveries) we serve our dishes from the menu as usual! We are already looking forward to exciting, culinary days with our valued delivery partners and you personally at our campus.
